

Dura Jack

by PIONEER

Features and Benefits:

- Reinforced chassis for extra strength.
- Strong "C" section forks.
- Low profile lightweight design for easy handling.
- Airless hydraulic unit eliminates damage caused by dirt in the system.
- Hydraulic unit with overload by pass valve.
- The hydraulic system requires less pump force to elevate loads.
- All bearings are pre-lubricated for a long life.
- The new strengthened handle base and strong box design helps prevent damage.
- Automatic handle return assumes upright position when released.
- Exceptional maneuverability of 230° steering lock.
- The improved lowering valve allows smooth and stepless lowering.
- Powder coated finish.
- A single lever operates all three functions: Lower, Neutral, and Lift
- Standard (48" long) and special sizes are available.
