

# KwikConnect™

The **KwikConnect™** is a factory pre-wired assembly for pit levelers and/or truck restraints. The cable bundles are designed to help keep wiring systems clean and uncluttered. It gets the installation done quickly, efficiently, and simply with just a single pull. Our **KwikConnect™** Cable increases productivity and speeds up the time of job completion, by offering a value-added solution while providing a competitive edge. An innovative way to stay competitive on bid jobs.
